At Drummond we don't just claim to be a leader in the coal industry, we prove it time and time again. We have been building our reputation of excellence for more than 80 years.

As a global leader in coal production, today Drummond ships more than 30 million metric tons of coal and controls reserves of more than two billion tons. Being a leader means an unyielding commitment to provide our clients with the very best in quality and service. In addition to coal, Drummond is the largest merchant coke producer in the U.S. and is well known in the foundry industry for superior products and reliability of supply.

Every day, on every project, at every level of this company, we are committed to our employees, our customers, the communities where we operate, and the global environment.

In 2018, Drummond ranked 165th on the Forbes list of America's Largest Private Companies.
